

Organizational Profile of Dr. K. Zaman BNSB Eye Hospital

Initially, Dr. K. Zaman BNSB Eye Hospital was devoted mainly towards creating services for the needy blind people, particularly in the rural, remote areas of the greater Mymensingh district, which consists of Mymensingh, Jamalpur, Kishorganj, Netrokona, and Sherpur, where eye care facilities were virtually non-existent. Please note that 14% people of the total population lives in this region. This region is the most poverty-stricken area of the country. Besides expanding its services, the organisation focused on setting up an Eye Hospital in Mymensingh in 1982, which enabled the ever-expanding delivery of eye care services to the 19.53 million people of the region. Over the past decade, efforts have been underway to improve capacity building, achieve sustainability, and deliver quality services.

Dr. K. Zaman BNSB Eye Hospital has a wide network with 11 Secondary hospitals in different parts of Bangladesh. It has also run 15 Vision Centres in the community.

Vision of the Organization:

To reduce the curse of blindness in the society we live in.

Mission Statement:

To raise awareness about the prevention of blindness, provide specialized treatment for eye patients, and rehabilitate blind and visually impaired individuals.

Values of the Organization:

Dr. K. Zaman BNSB Eye Hospital is committed to the values of mutual respect, equity, justice, the rule of law, transparency, accountability, integrity, and impartiality.

In spite of financial, human, and other resource constraints, the organisation has been making steady progress, keeping pace with the recent developments.

This is made possible due to the dedicated service of Physicians, Paramedics, Nurses, and all categories of staff, coupled with the support and cooperation received from a host of organisations and individuals at home and abroad.

Dr. K. Zaman BNSB Eye Hospital started its journey on 1st January 1982 at a rented house in Mymensingh Town. Presently, Dr. K. Zaman BNSB Eye Hospital is a 50-bedded hospital with a total of 280 staff members, including Ophthalmologists, Resident Doctors, optometrists, Refractionists, Ophthalmic Assistants, Administrative staff, and other support staff. Yearly average of

350 thousand outpatients receive treatment through the hospital OPD, Out- reach Eye Camps and Primary Eye Care/Vision Center, with about 20 thousand surgeries performed. Every year. Besides general ophthalmology, the hospital delivers specialized services through sub-specialty clinics like cataract, Paediatric ophthalmology, Glaucoma, Medical Retina, Cornea, and Low Vision.

Activities:

Dr. K. Zaman BNSB Eye Hospital offers its service through four avenues namely Base Eye Hospital, Outreach Programmes , Primary Eye Care / Vision Center and Education and Training Programme. The Eye Hospital has a comprehensive Out Patient Department offering services like patient examination and treatment, biometry, B scan, Humphray visual field analysis, Yag LASER, patient counseling, promotion of primary eye care and performing minor operations through four specialized clinics namely Cataract Clinic, Glaucoma Clinic, Cornea Clinic, Medical Retina and Paediatric Clinic. Situated in the OPD is the Ocular Microbiological Laboratory with wide range of pathological and ocular microbiological investigation facilities. The In Patient Department has 50nos beds with dedicated child-friendly wards and three sophisticated modern OT with HEPA system where all types of ophthalmic surgeries like IOL implantation, Phaco surgery, Glaucoma surgery, Dacryocystorhinostomy, squint surgery, cornea transplantation etc. are performed by the competent Ophthalmologists of this hospital. This hospital is maintaining its Medical Record with Integrated Hospital Management Software (IHMS) since 2005 we are proud to be the pioneer in this field in Bangladesh.
